

# Isaac Karth

*Design and Animation*

## Job Statement

I am looking for a position where I can best use my design and animation skills, learn from the experience of others and I have the potential to develop my creative ideas.

## Education

BFA in **Digital Media** with *Academic Honors*  
Minor in **Digital Animation and Game Programming**  
**Kendall College of Art and Design** *Grand Rapids, Michigan*  
GPA: 3.9

## Experience

**Intern**  
Digital Media and Animation, LLC *Grand Rapids, Michigan* 2006  
Assisted in the development of a project pitch, my main contribution being 3d character modeling for rapid-prototyped action figures. Created a 3d location map showing push-pin insertion for corporate locations.

## Emphases

Animation & Graphics:	3D Modeling, Texturing, Rigging, Lighting, Animating
Video Production:	Effects, Editing, Rotoscoping, Lighting
Web Design:	HTML, CSS, Flash
Programming:	C++, Actionscript, C#, Lingo
Other Things:	DVD Production, Rapid Prototyping

## Skills

I am well-rounded within the 3d field. I have completed several short films, some of which have won awards. I worked on every aspect of them, including storyboarding, modeling, texturing, lighting, rigging, animation, effects, tracking, and in one case, directing, not to mention all of the other little details involved in such a production. I have worked with teams and with art directors.

I am fully cross-platform capable, able to work in any operating system and most software. Some of the software I have experience with includes: *Lightwave, 3D Studio, After Effects, Photoshop, Flash, InDesign, Quark, et cetera.*
